This is to confirm that the

"Performance Based Communication and Surveillance (PBCS) v01"

provided by infoWERK Medien & Technik GmbH, setup on the LMS Training Portal is in compliance with:

ICAO Annex 6 Operation of Aircraft
ICAO Annex 11 Air Traffic Services
ICAO Doc 9869 Performance Based Communication and Surveillance (PBCS) Manual
ICAO Doc 10037 Global Operational Data Link (GOLD) Manual
ICAO Doc 4444 PANS ATM Manual
ICAO Doc 7030 Regional Supplementary Procedures Manual
NAT Doc 007 North Atlantic Operations and Airspace Manual

After completing the course, the pilot will be able to demonstrate an understanding of Performance Based Communication (PBC) and Performance Based Surveillance (PBS) requirements and their application.

The following theoretical training topics are included:

- PBCS concept
- Differences between PBCS and PBN
- RCP and RSP specification application
- PBCS operational authorization
- Operator eligibility / Aircraft system
- Operational procedures
- Flight planning
- PBCS in the NAT/HLA

The PBCS training will be completed through a test at the end of the course.

All requirements and updates are documented in infoWERK's internal Quality Management System.
